August 2013

NEW FACES ARE STILL ARRIVING AT TWIN LAKES!

Ladies, don't forget Tuesday, August 6 is Rally for the Cure Day. Thank you to all who donated on Saturday to this wonderful cause!

Check out the number of new members who joined in July! The wet and cool weather at the start of the season produced a slow membership drive, but it has been fueled by wonderful weather the last couple of months. We welcome all new members. Please introduce yourself when you see a new face.

It has been brought to our attention that several non-members' children who live on the course have been seen playing various holes some evenings. Please do not hesitate to call the golf shop if you see kids coming onto the course from the neighborhood. Not only do we want to maintain the club's privacy for members and their guests, we want to ensure everyone's safety.

Friday night dinners are winding down with just a few Fridays remaining. We hope you don't let the season end without coming out for dinner at least once. The weather has been mostly fantastic on Fridays, and the deck has been a very popular spot. Weekly menus are on the website early in the week. Don't miss out!

Congratulations, Mike Sharp, for making a Hole-in-One on July 30 on Hole #4. This is Mike's second Hole-in-One, both occurring at Twin Lakes. Great job, again, Mike!

WELCOME TO OUR NEW MEMBERS

CLUBHOUSE CONTINUES TO SEE IMPROVEMENTS

I hope this article reaches you in good health and spirits. What a great summer we have been enjoying. It's amazing how different it has been from a year ago. The golf course is in great shape for you to enjoy. Please take advantage of the weather and course conditions.

The roofs on all three buildings have been completed. Sorry for the noise and any inconvenience the construction may have caused, but the roofs look great! The awning on the back of the clubhouse over the veranda will be replaced this week. There will be a few days when there will not be an awning, but it will be replaced by the weekend. The exterior brick on the clubhouse will be painted the middle of the month. These projects should be of little inconvenience to you.

Please remember that Friday night golf social events continue through August. Golf begins at 5:30 p.m. with a shotgun start. If you do not want to golf, please come out for dinner and drinks. Chef Jeffrey always has delicious buffets on Fridays for you to enjoy. Please check the home page of our website: www.twinlakesgolfclub.com to view the weekly buffet menu.

There are many events in the next few months to enjoy; please check your golf schedule or with the golf shop for dates and formats. I greatly appreciate everyone's continued support of their club and look forward to seeing you out enjoying your club. It is always our goal to keep improving the club to better your enjoyment while keeping it a great value. I wish everyone a happy and healthy August.

From the Course

COURSE MAINTENANCE CONTINUES; WEATHER HELPS!

No one knows yet what kind of weather pattern we will see in August, but early forecasts are for a continuation of the cooler than normal July. This great weather has contributed to great playing conditions at Twin Lakes. Overall turf density is excellent. Good lies are the norm, and the greens are smooth and true.

This past month we continued to improve some areas of rough on the golf course. The sodded areas adjacent to cart paths look as if it has been there all along. The recently sodded areas on the fourth hole will add to an improved appearance. Expect more of the same type improvements throughout the rest of the season. More progress has been made in our ongoing projects of leveling and raising irrigation heads and valves. These small improvements will pay big dividends in improved irrigation efficiency. Expect to see more aeration and topdressing this month as we ease toward Fall. Through the rest of the season, we will also start addressing some drainage issues with some of our sand bunkers. Different bunkers may take different approaches and our plan is to address the worst draining bunkers first.

None of the great conditions would be possible without a great crew. Many thanks to Ron Summitt, Josh Blazier, Dave Wood, Mike Mars, Patrick Westermeier, and now returned to school, Andrew Lenzo

Please continue to make every effort to help maintain the course. Repair ballmarks, replace or fill divots, rake bunkers and be careful with golf car and cart operations.

John Westermeier, CGCS

AUGUST LAWN TIP: If you need to renovate your lawn, seeding should begin mid-month. Keep seed moist, not wet. Aerate toward the end of the month if necessary
